Summary

I am a fullstack engineer (MERN stack) with two years of programming experience and. I use HTML, CSS, Tailwind CSS, Chakra UI, Material UI, Bootstrap, Javascript, React.js, Nextjs, MongoDb, Express, Mongoose and Nodejs in my work.

I am also a technical writer with a passion for writing and teaching people about technology and the impact it can have in our various communities throughout Africa and the world at large. I write about Fullstack development, blockchain, web 3.0, and other technology-related content.

I've worked as an intern at R & D solution technology and at techgen Africa, a tech school dedicated to identifying and developing tech talent in Africa and at GetBlack as Chief Technology Officer.

I create websites that are highly responsive and scalable for businesses, organizations, and other purposes.

Experience

Chief Technology Officer
GetBlack
Nov 2022 - Present (5 months)
built a scalable web app for easy and efficient user experience
Campus Ambassador
SkilledUp Life
Nov 2022 - Present (5 months)

Frontend Developer Intern
TechGen Africa (TGA)
Mar 2022 - Present (1 year 1 month)
- I was selected as the top-performing intern by the technology team.

- I collaborated with 2 interns and a senior developer to brainstorm and implement ideas and feedback into the app's development.

- I practiced strong configuration management and version control for 5 projects across 2 teams.

- Partnered with a developer to implement a frontend project, enabling the mentors to access my development.

Technical Writer
Hashnode

May 2022 - Present (11 months)
- I write documentation, technical reports, tutorials, and informative content for tech enthusiasts and readers to get relevant information.

Intern
R & D solution technology
Nov 2021 - Oct 2022 (1 year)
- Brainstormed with a team of tech experts to plan the development of a sales web app.

- I monitored the company's database to keep track of the company's information by using different database packages.

President, Mathematics Club
Vetland Senior Grammar School
Oct 2020 - Oct 2021 (1 year 1 month)
- As the Mathematics club president of my school, I was able to lead my school to success in external competitions.

- Due to my great leadership skills, I was able to tutor and mentor my juniors by collaborating with my peers.

- As a result of my ability to multitask, I was appointed as the sports prefect to show the need to have multiple skills.
